## SUMMARY

A dynamic individual with unwavering dedication and ardent enthusiasm for learning. Despite having only one year to get used to React and learning UI/UX, a foundation in analyzing and developing user interfaces has been acquired through the use of libraries and frameworks such as NextJS and Tailwind, etc. Additionally, skilled in using visualization tools such as Figma to support UI/UX design. Able to adapt and immerse myself in new environments for personal growth. Seeking a front-end developer internship to further develop skills and gain more experience in this field.

## SKILLS

**Programming Languages**

- C, Java, Javascript, Typescript, HTML5, CSS3
- OOP

**Version Control:** Git

**Frameworks | Libraries | Tools**

- ReactJS
- NextJS, ThreeJS
- Tailwind, Headless UI, etc.
- Vite
- Redux, Redux-Toolkit, Rapid API
- Figma

## LANGUAGES

**Languages:** Intermediate English

## EDUCATION

**Sai Gon University | Information & Technology | GPA:** 2.5 / 4.0 — 2019 – Present

**Telos Academy | Basic UI Design Course** — (1 month) 04/2022

# PROJECTS

## Car Shop Website                                                     01/2023 – 03/2023

| URL | https://ui-car-shop.vercel.app |
|---|---|
| Position | Front-end Developer |
| Description | This project is a ReactJS + NextJS app that displays a car shop fetching data from RapidAPI. The interfaces are designed to be friendly and modern, utilizing the Headless UI library. |
| Responsibilities | • Develop and implement user-friendly interfaces.<br>• Ensure resopnsive design and cross-browser compatibility.<br>• Maintain code quality through testing. |
| Technologies | • Framework/ Library: ReactJS, NextJS<br>• Language: Javascript<br>• Design System: Headless UI, TailwindCSS<br>• Others… |
| Teamsize | 3 |

## Spotify Clone App                                                    09/2022 – 12/2022

| URL | https://spotify-clone-qfa3.onrender.com |
|---|---|
| Position | Front-end Developer |
| Description | This music player is a Spotify clone developed using ReactJS, aiming to serve as a tool to facilitate music discovery and enjoyment for all users. |
| Responsibilities | • Develop and implement user-friendly interfaces.<br>• Ensure resopnsive design and cross-browser compatibility. |
| Technologies | • Framework/ Library: ReactJS<br>• Language: Javascript<br>• Design System: TailwindCSS<br>• State Management: redux, redux-toolkit<br>• Local Routing: react-router-dom<br>• Others… |
| Teamsize | 4 |

**UI – 3D Customize Clothes Website**             05/2023 – Present (ON GOING)

| | |
|---|---|
| **URL** | https://duy270201-creative-3d-ai-website.onrender.com |
| **Position** | Front-end Developer |
| **Description** | This project combines ThreeJS with DALLE AI's artificial intelligence and utilizes Tailwind and Framer Motion for 3D model animations. |
| **Responsibilities** | • Develop and implement user interfaces.<br>• Ensure resopnsive design and cross-browser compatibility.<br>• Learning how to use ThreeJS and Framer Motion library. |
| **Technologies** | • Framework/ Library: ReactJS, ThreeJS, React Three Fiber, Framer Motion<br>• Language: Javascript<br>• Design System: TailwindCSS<br>• API: DALLE AI (OpenAI key)<br>• Others… |
| **Teamsize** | 4 |

**Digital Bank Landing Page**             07/2022 – 08/2022

| | |
|---|---|
| **URL** | https://ui-digital-bank-landing-page.vercel.app |
| **Description** | This landing page is designed and duplicated for practicing and leveraging required front-end skills with React. |
| **Technologies** | • Framework/ Library: ReactJS<br>• Language: Javascript<br>• Design System: TailwindCSS<br>• Others… |
| **Teamsize** | 1 |

**Personal Portfolio**             (2 weeks) 06/2023

| | |
|---|---|
| **URL** | https://personal-portfolio-peachh.vercel.app |
| **Description** | This standalone web page had been completed for practicing basic HTML + CSS and Javascript skills. |
| **Technologies** | HTML5, CSS3, Javascript |
| **Teamsize** | 1 |
